## **El Dorado Hills Chamber of Commerce has completed the 2018 Chamber Scholarship Program**

The El Dorado Hills Chamber of Commerce is proud to offer scholarships to graduating seniors who plan to continue their education by attending a university, college or vocational school.

The scholarships are funded through generous donations from the El Dorado Hills Chamber of Commerce members. The scholarships are based on 50 percent community service, 15 percent work experience and extracurricular activities, and 10 percent scholastic GPA and financial need.

This year the Chamber proudly awarded four \$750 scholarships to stellar graduating students who reside in El Dorado Hills and attend either Oak Ridge, Ponderosa, or Union Mine High School.

David Maestes, El Dorado Hills Chamber of Commerce Chairman of the Board writes, "These young adults have distinguished themselves through their passionate commitment to leadership on their campuses and volunteerism within their community. All the recipients demonstrated great potential in leading the next generation to become our community leaders themselves."

The winners of the 2018 Chamber Scholarship Program are: Taylor Czasnojc, Nicholas Stolecki, Maegan Cope, and Samantha Reed. Congratulations to these graduating seniors!
