EMPLOYMENT AT A GLANCE...

There were 20,214 residents employed in Q2 17, a decrease of 91 jobs from the previous quarter, after seasonal adjustment.

There were 471 more residents employed in Q2 17 when compared to the significant economic jump in Q1 10.

Q2 17 is the lowest quarter since Q2 14.

Q2 17 employment was up 100.6% since the Snapshot began in Q1 08.

2ND QUARTER TREND

El Dorado Hills had 20,214 residents employed in Q2 17 after seasonal adjustment, a slight decrease from Q1 17 of .5%, or 91 jobs.

The overall impact of this decrease in Q2 17 is minimal, moving just .9 index points. Minor fluctuations between quarters like this can be due to standard seasonal changes in employment and is nothing to worry about at this time.

The last time we saw a similar index score of 200.6 was in Q2 14 with a 201, that quarter had 20,252 people employed; a difference of only 38 residents.

The latest El Dorado Hills Business Confidence Survey from July 2017 shows another increase in optimism among local business leaders, up 3.7% from January 2017. Currently, 43% of leaders expect to add more jobs to the local economy over the next 12 months. Only 4% expect to decrease.
