## EMPLOYMENT AT A GLANCE...

There were 21,283 residents employed in Q4 16, adding another 200 jobs from the previous quarter.

Over 11k more residents are employed since the index started in Q1 08, and over 1,500 more when compared to the significant economic jump in Q1 10.

Employment levels have more than doubled since the pre-recession level of 2008.

Q4 employment has increased every year since 2011, after seasonal adjustment is applied.

## 4TH QUARTER TREND

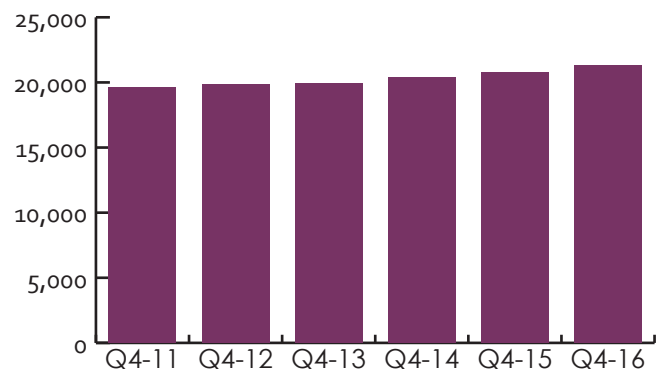

El Dorado Hills employment is up again with over 21k residents employed in Q4 16. Another 200 residents are now employed when compared to the previous quarter.

Employment has continued a strong and steady upward trend when compared to the recession low of Q4 09. Since then, there are now 11,797 more El Dorado Hills residents employed. Looking over just the past two years, employment has increased another 891 more residents.

The January 2017 El Dorado Hills Business Confidence Survey shows 27% of local business leaders expect to increase their employment levels in the next 12 months with only 4% expecting to decrease. Overall optimism for the local economy increased 6.8% from the previous survey.

We expect to see a strong and positive performance continue for El Dorado Hills employment.

## Q4 EMPLOYMENT SINCE RECESSION LOWS

Total increase of 8.5%
