4TH QUARTER TREND

Sales tax revenue was right back up in Q4 2018 bringing in over \$974k in revenue, an increase of 22.7% from the previous quarter.

It is important to note that the entity supplying the sales tax data has recently undergone some changes in their new software system which has caused adjustments in recently reported revenue. The changes in software may have caused the previous quarter to be under reported and Q4 2018 to be over reported. This is expected to be corrected in coming quarters.

In El Dorado Hills, 67% of local business leaders are expecting their sales to increase in the next 12 months according to the latest Business Confidence Survey. Get a copy at www.eldoradohillschamber.org
